POLICY GUIDE 2006.06

DOWNSTATE VISION CARE PROGRAM

DATE: November 30, 2006

TO: DCFS and POS Child Welfare Staff
Rules and Procedures Bookholders

FROM: Erwin McEwen 

EFFECTIVE: Immediately

I. PURPOSE

Policy Guide 2006.06 describes the Downstate Vision Care Program that the Department has created to ensure that eyeglasses are available to children and youth who require prescription eyeglasses. The program does not supplant services offered through the Department of Healthcare and Family Services' (HFS) vision care program and may be used only when prescription eyeglasses cannot be obtained through HFS because there is not a HFS-enrolled vendor in the area where the child lives. Visual examinations will continue to be obtained through the Department of Healthcare and Family Services.

II. PRIMARY USERS

The primary users of the Policy Guide are DCFS and POS caseworkers and supervisors.

III. DEFINITIONS

Eyeglasses mean single vision polycarbonate spectacle lenses with frames.

Non-participating provider means a vision care provider who does not have an agreement with the Department regarding the provision of eyeglasses to children and youth for whom the Department is responsible. Caregivers must pay for eyeglasses purchased at a non-participating provider and submit required documentation to be reimbursed, up to a maximum of \$60.00.

Participating Provider means a vision care provider outside of Cook County who through a formal agreement with the Department will provide eyeglasses to children and youth for whom the Department is responsible and bills the Department, up to a maximum of \$60.00.

IV. BACKGROUND

When the federal Children and Family Services review was conducted in 2003, one of the findings indicated that there are an insufficient number of vision care resources to provide prescription eyeglasses for children and youth living outside of Cook County. In order to ensure that eyeglasses are readily available and accessible, the Department arranged for children and youth living outside of Cook County to obtain prescription eyeglasses from an increased number of vision care providers across the state. A list of providers participating in the Downstate Vision Care Program is attached.

V. ELIGIBILITY CRITERIA

All of the following eligibility criteria must be met for a child or youth to be eligible to obtain eyeglasses through the Downstate Vision Care Program:

1. The Department is responsible for the child or youth's placement and care;
2. The child or youth does not live in Cook County;
3. The Department has authorized the purchase of eyeglasses prior to purchase via the CFS 932-1 Purchase Authorization Form; and
4. There is not an HFS-enrolled vendor within 30 miles of the caregiver's residence who is available to fill eyeglass prescriptions.

VI. PROGRAM BENEFITS

When the request for eyeglasses is approved, the Department will pay up to a maximum cost of \$60.00 for the combined cost of frames and single vision polycarbonate spectacle lenses (hereafter referred to as eyeglasses). The **CFS 888-3, Case Action Form** must be submitted to request payment for any of the following:

- One pair of eyeglasses within a 12-month period (maximum cost of \$60.00).
- Second pair of eyeglasses within a 12-month period if the eyeglasses are lost or are broken (maximum cost of \$60.00). If a third pair of eyeglasses (frames or lenses) is needed within 12 months for any reason, an Exceptional Payment Request must be submitted.
- Second set of replacement lenses may be provided within 12 months if there is a change in the prescription (maximum cost of \$60.00).

- Repairs or replacements that are not covered by the vision care provider's repair policy, where it is evident that the repair of an existing frame is less costly than providing a new frame. It is DCFS' expectation that these repairs or replacements will be less than the maximum of \$60.00.

Authorization to purchase prescriptions requiring bifocal or trifocal lenses or non-standard frames must be approved through the submission and approval of an Exceptional Payment Request (EPR). For non-standard frames, a statement from the optical professional who performed the vision exam must accompany the EPR.

The Downstate Vision Care Program will **not** pay for:

- Prescription sunglasses, contact lenses of any kind, reading glasses or any other optical device;
- Optional lens enhancement charges;
- Frames being replaced due to child/youth's preference for a change in style, color, etc.;
- Second pair of eyeglasses within 12 months unless lost or broken; or
- Adjustments and cleanings as such services normally are provided free of charge by the vision care provider.

VII. AUTHORIZATION TO PURCHASE EYEGLASSES

To request authorization to purchase eyeglasses, the caseworker must submit a completed **CFS 888-3, Case Action Form** by faxing it to the Peoria Regional Business Office at (309) 693-4937 or by mailing the form and required documentation to:

Department of Children and Family Services
Business Office
5415 N. University St.
Peoria, IL 61614.

The **CFS 888-3** must be signed by both the caseworker and supervisor and accompanied by the following information:

- A copy of the child's eyeglass prescription from the optical professional who performed the child's vision examination. The prescription must include the name of the child for whom eyeglasses are being requested.
- The type of request i.e. initial pair of eyeglasses, replacement (glasses lost or broken), replacement lenses (change in prescription) or repairs.

- A written statement on the agency's letterhead signed by the caseworker certifying that:
 1. The Caseworker has told the caregiver that any costs exceeding the maximum of \$60.00 will be the caregiver's responsibility; and
 2. The eyeglasses cannot be obtained through HFS because a HFS-enrolled provider is not available in their area to fill eyeglass prescriptions. For this purpose, area is defined as anything within 30 miles of the caregiver's residence.
 3. If other than a participating vendor is to be used, the caseworker must include a statement certifying that s/he has told the caregiver that the caregiver will be reimbursed for an amount not to exceed \$60.
- Name and address of vision care provider to be used.

Upon approval of the request, the Peoria Business Office will issue the **CFS 932-1, Purchase Authorization Form – Eyeglass Program** to the worker and provide the worker with any additional information required by the vendor. When the **CFS 932-1, Purchase Authorization Form** is given to the caregiver, the caseworker is responsible for providing the caregiver with the following information:

- Information about the pricing, including the maximum of \$60.00;
- Instructions regarding completion and submission of any required forms or documents;
- That if the caregiver chooses to purchase eyeglasses above the \$60.00 or go to a non-participating vendor, it is the caregiver's responsibility to pay any sales taxes applied.

The caseworker may elect to give the **CFS 932-1, Purchase Authorization Form** to older youth living in transitional or independent settings who are able to obtain eyeglasses without assistance from the worker or a caregiver.

A new **CFS 932-1, Purchase Authorization Form** is required if the caregiver chooses to go to a vendor other than the one identified on the Purchase Authorization Form or if repairs or replacements are not free.

If the request is not approved, the Peoria Business Office will notify the caseworker. The caseworker is responsible for notifying the child's substitute caregiver.

VIII. VENDOR SELECTION AND BILLING

The caregiver may utilize any vision care provider he or she chooses. If a participating vendor is not used, the caregiver must pay for the eyeglasses out-of-pocket and then submit the **CFS 932-1 Purchase Authorization Form** with the receipt of purchase for a maximum reimbursement of \$60.00. If eyeglasses are purchased that cost more than the \$60.00 maximum, the caregiver is responsible for paying the difference.

Participating Vendors

If the caregiver is using a participating vendor, the caregiver is responsible for providing the vendor with the **CFS 932-1** signed by the caregiver, the child's eyeglass prescription and any additional documentation provided by the caseworker. The caregiver is also responsible for obtaining information about the vision care provider's about warranty and repair policies.

Participating vendors submit billings with required supporting documentation (either **HCFR-1500** or **CFS 932-1**) to the Department of Children and Family Services, Peoria Regional Business Office, 5415 N. University St., Peoria, IL 61614 for reimbursement.

Non-participating Vendors

If the caregiver is not using a participating vendor, the caregiver is responsible for providing the vendor identified on the **CFS 888-3** with the child's eyeglass prescription, obtaining information about its warranty and repair policy and paying for the eyeglasses. In order to be reimbursed up to \$60.00 for the eyeglasses, the caregiver must complete the **CFS 932-1** by:

1. Signing it in Box 8;
2. Inserting the cost of the eyeglasses in Box 15;
3. Completing Boxes 16 and 17 as appropriate based on the cost of the eyeglasses as follows:
 - If the eyeglasses cost less than or equal \$60.00 in total, Box #16 shall be left blank and the amount shall be inserted in Box 17.
 - If the eyeglasses cost more than \$60.00 in total, the amount over \$60.00 shall be inserted in Box 16 and the amount of \$60.00 shall be inserted in Box 17.
4. Submitting the **CFS 932-1** along with necessary receipts to:

Department of Children and Family Services
Peoria Regional Business Office
5415 N. University St.
Peoria, IL 61614.

IX. PROCESSING OF PAYMENTS

The business office at the Peoria Regional Office processes vouchers for the purchase of eyeglasses within 30 days of verifying that the purchase complies with all Department requirements. If a duplicate or unauthorized charge appears on a participating vendor's invoice, the business office will notify the vendor of the contested charge(s), subtract the contested charge(s) from the total and pay the undisputed balance. If the participating vendor finds that the Department has been billed in error, the charge will be removed from the vendor's account. If the disputed charges are found to be valid, payment will be made for such charges.

Payments to caregivers are processed in the same manner. Only services with the code of 1108 Eyeglasses are eligible for payment through this program.

X. QUESTIONS

Questions regarding submission of the **CFS 888-3, Case Action Form** and/or payment should be directed to the business office at the Peoria Regional Office at (309) 693-5400. Any other questions should be directed to the Division of Service Intervention's Office of Health Services at (217) 557-2689.

**Downstate Vision Care Program
FREQUENTLY ASKED QUESTIONS**

Are children eligible for the eyeglass program, regardless of living arrangement?

Children are eligible regardless of the type of living arrangement, as long as the Department is responsible for their placement and care, they live in Illinois outside of Cook County and require single-vision prescription eyeglasses. Children who were adopted with an adoption subsidy or are in subsidized guardianship are not included in this program.

Are youth in Independent Living Only (ILO) eligible for this program?

Yes. DCFS wards living outside of Cook County who are in College/University Scholarship (CUS), Group Home (GRH), Independent Living Only (ILO), Transitional Living Program (TLP) and Youth in College (YIC) living arrangements may obtain eyeglasses through this program. Youth living in independent or transitional settings have the same responsibilities as described for caregivers.

What is the distance that determines that ‘there is no DHFS-enrolled provider located in the area?’

Area is defined as anything within 30 miles of the caregiver’s residence.

How do I know who is a participating provider?

A list of the participating providers is attached to the procedures.

Are contact lenses or prescription sunglasses covered in this program?

No.

Are there any exceptions for children who have special needs? Does “special needs” include children with cerebral palsy, mental retardation, etc?

In terms of vision care, ‘special needs’ refers to special vision needs. Special vision needs which may be submitted to the Regional Business Office for consideration through the Exceptional Payment Request (EPR) process are:

- 1) Prescriptions requiring bifocal or trifocal lenses; and
- 2) Non-standard frames when determined necessary based on accompanying statement from the optical professional who performed the vision examination.

Children who have a disability such as cerebral palsy or mental retardation may obtain eyeglasses through the Downstate Vision Care Program provided that they meet the eligibility requirements.

Is there a specific form certifying that the caregiver has been informed that any amount over \$60.00 will be their responsibility?

No. The caseworker is required to submit a letter on the agency's letterhead, certifying that the caregiver has been informed of the \$60.00 maximum with the CFS 888-3, Case Action Form.

Is there a specific form certifying that an HFS-enrolled provider cannot be located in the caregiver's area?

No. The caseworker is required to submit a letter on the agency's letterhead, certifying that there is not an HFS-enrolled provider available within 30 miles of the caregiver's residence to fill eyeglass prescriptions with the CFS 888-3, Case Action Form.

If a CFS 932-1, Purchase Authorization Form has been issued but the child's caregiver changes prior to it being used, is a new request required?

Yes.

If a CFS -932-1, Purchase Authorization Form has been issued but the child's caseworker changes prior to it being used, is a new request required?

No.

If a CFS 932-1, Purchase Authorization Form has been issued for a participating vendor and the caregiver wants to go to a different participating vendor instead, is a new request required?

Yes.

If a CFS 932-1 purchase authorization has been issued for a participating vendor and the caregiver wants to go to a non-participating vendor instead, is a new request required?

Yes.

If a CFS 932-1 Purchase Authorization Form has been issued for non-participating vendor and the caregiver wants to go to a participating vendor instead, is a new request required?

Yes.

QUESTIONS

Any questions regarding submission of the request and/or payment, should be directed to the Peoria Business Unit at (309) 693-5400. Any questions regarding procedures should be directed to the Division of Service Intervention, Office of Health Services at (217) 557-2689.
